### TO WHOM IT MAY CONCERN

It is my pleasure to write this letter of recommendation for Anita Hagan.

Anita recently created the corporate identity for my small business, Tala Wood Catering.

Anita was confident in leading the conversation to determine my brand's identity, and developed what she learned into an impressive range of options that were both creative and a great match for my business. While she was patient in dealing with my changes of mind, she was also comfortable in advising and guiding me to make decisions to progress to the final design.

I have no hesitation in recommending Anita as a designer. If you would like more information or would prefer to speak on the phone, please do get in touch with me.
